## Capstone Project Proposal Plan

What is the project question? In other words what are you ultimately trying to figure out?	
What is the title of your project?	
Who will benefit from your project?	
Where are the people located that will benefit from your project?	
What date do you plan on implementing your project?	
How long will your project take	
Budget requirements of your project ( how much money will it take to implement your project)?	
Why did you decided to do this project?	
What do you hope to achieve by doing this project?	
What do you need to do to help you complete this project?	
Will your project have long term effect? If so. What are they? If none. Why not?	
Will the project be sustainable? If so. How will you sustain the project?	

# NIGHTINGALE COLLEGE

Are there any risks associated with the project?	
Is there anything that may prevent your project from succeeding? If so. What?
