WHAT IS THE ENGLISH LAB AND WHY DO I HAVE TO TAKE IT?

The English Lab, ENG 095 is a repository of information and a place where learners can get help with writing and reading concepts in their first semester. Nightingale College is committed to learners' long-term success and the English Lab requirement allows the learner to receive the extra support and foundational skills they need to be successful in the remainder of the program.

WHAT IF I AM ELIGIBLE TO TAKE BOTH THE ENGLISH FOUNDATIONAL COURSE AND THE ENGLISH LAB?

If placed in the English Foundational Course, ENG 090, once passed learners will be required to take the English Lab, ENG 095, for their first semester as a matriculated Nightingale College learner.

HOW MUCH DOES IT COST?

There is no cost associated with the English Lab.

AM I GRADED? ARE THERE ANY GRADED ASSIGNMENTS/HOMEWORK?

The English Lab is not a graded course. However, learners must complete ten activities by the end of the term. They can choose which activities they complete to fulfill the requirements of the course. Beyond that, they can use the English Lab as a resource for skills enrichment even after they have completed the required activities until the end of the ten-week course.
