

ASN 311 : Pharmacology II

Delivery Modality:	Distance
Semester Credits:	3
Contact Hours:	45
Outside Preparation:	An average of three (3) hours per week for every didactic credit hour
Typically Offered:	
Prerequisites:	Minimum of eight (8) semester credits in human anatomy and human physiology and a minimum of three (3) semester credits of college-level mathematics.
Corequisites:	None
Requisites:	SCI 225 or equivalent
Description:	This course builds upon the concepts introduced in ASN 210, encompassing safe drug administration to clients across the health continuum. This course focuses on the role of the registered professional nurse as a provider of culturally competent client-centered care, education and leadership skills, and advocacy in pharmacological treatment of clients with complex needs and selected diagnoses. Using the nursing process as a guide, the learner is expected to integrate previous learning with current, expanded learning to analyze the therapeutic use of drugs and assist the patient in safely using them.
